Seawin BIOTECH
Marine Based Fertilizer

# N-DURANCE 25-0-3+ TE

Seawin's biological enhanced compound N-durance (N: P: K 25-0-3)+TE is a combination of Nitrogen, Potassium, trace elements and Seawin's Polysaccharides specially designed for the high nitrogen crop demands.

## Product Features

- Compound N, K + Trace elements
- Ideal for early establishment, post-harvest and high N crops
- Added polysaccharide to improve nutrient availabilities
- N utilization improved with polysaccharide added
- Alginic Acid added to reduce effects of stress
- Improves soil structure

## Product Features

Patented multi-step enzymatic extraction method extracts consistent and high quality polysaccharide, which brings the following benefits:

- Natural chelating agent
- Soil buffering agent
- Bio-stimulant properties
- Reduces stress and aids recovery
- Improves soil structure

## Product Analysis

| | |
|---|---|
| **Nitrogen (N)** | **25 %** |
| As urea | |
| **Potassium (K)** | **3 %** |
| As sulphate | |
| **Sulphur (S)** | **1.2 %** |
| **Calcium (Ca)** | **0.6 %** |
| **Magnesium (Mg)** | **1.25 %** |
| **Zinc (Zn)** | **0.1 %** |

Organic Inputs:

| | |
|---|---|
| **Polysaccharides** | **2000ppm** |

This product contains equivalent of 10L of liquid seaweed extract per 100kg. (1% w/w of Seawin's Sea Green Extra)

**Physical Characteristics:** Granular
**Packaging Sizes:** 25Kg & 1100Kg

**Application**
Horticulture and Broadacre

**Band or Broadcast:**
**100-400kg/ha**
Apply as side dressing
For application suggestions specific to your crop, please contact your local agronomist or Seawin's distributors.
